

Health Education Campus Samson Pavilion - Student Use of Space Policy

Purpose:

The Health Education Campus (HEC), and specifically Samson Pavilion, is designed to support the educational mission of the health profession programs at Case Western Reserve University. This policy outlines the guidelines for student use of space within Samson Pavilion to ensure equitable access and a supportive learning environment for all users, with priority given to health profession students.

Scope:

This policy applies to all CWRU and Cleveland Clinic students seeking to utilize space within the Samson Pavilion for academic and study purposes.

Policy Statement:

1. Priority Use for Health Profession Students:

The primary purpose of Samson Pavilion is to support students enrolled in health profession programs. These include:

- School of Dental Medicine
- School of Medicine, including:
 - MD – University Track
 - MD – Cleveland Clinic Lerner College of Medicine
 - Physician Assistant Program
 - Master of Science in Anesthesia Program
- Frances Payne Bolton School of Nursing

Students in these programs have priority access to all study, collaboration, and lounge spaces throughout the building.

2. Access for Non-Health Profession Students:

Students not enrolled in one of the above health profession programs may use designated **first-floor spaces** within Samson Pavilion for quiet study. These areas are available on a first-come, first-served basis, provided their presence does not interfere with the building's primary academic purpose or the needs of health profession students.

3. Restricted Access to Upper Floors:

The **second floor and above** are designated for the exclusive use of health profession students. Non-health profession students are not permitted to use or occupy these areas for study or other academic activities unless explicitly authorized by HEC administration.

4. Conduct and Compliance:

All students using Samson Pavilion are expected to maintain a respectful and professional environment. Non-compliance with this policy or any disruptive behavior may result in removal from the space and referral to the appropriate university authority.

5. Review and Exceptions:

Exceptions to this policy must be requested in writing and approved by the HEC Operations Office. This policy will be reviewed periodically and revised as necessary to reflect evolving academic needs and building usage.

Contact for Questions:

For questions or further clarification, please contact the Director of HEC Operations, Jean Seneff at jean@case.edu.
